⁴ Represents the lowest point of the debt at the end of any month following World War II. The lowest point of the debt on any day following that war was on June 27, 1949, when the debt was as follows:

Direct debt (gross)	\$251,245,889,059.02
Guaranteed debt (not including obligations owned by the Treasury)	23,876,001.12
Total direct and guaranteed debt	251,269,765,060.14

¹Redeemable at the option of the United States on and after dates indicated, except where otherwise stated. In case of Treasury bonds and Treasury bonds, Investment Series B-1975-80, now outstanding, such bonds may be redeemed only on interest dates, and 4 months' notice of redemption must be given.

²Treasury bills are non-interest-bearing and are sold on a discount basis with competitive bids for each issue. The average sale price of these series gives an approximate yield on a bank discount basis (360 days a year) as above indicated. This yield differs slightly from the yield on a true discount basis (365 days a year) which is shown in the summary on page 5.

³Arranged according to earliest call dates.

⁴Redeemable, at par and accrued interest, to date of payment, at any time upon the death of the owner at the option of the duly constituted representative of the deceased owner's estate, provided entire proceeds of redemption are applied to payment of Federal estate taxes due from deceased owner's estate.

⁵The items not subject to the statutory debt limitation are keyed to this footnote and consist of (a) Panama Canal bonds; (b) certain matured debt; and (c) certain debt bearing no interest.

⁶May be exchanged at option of owner for marketable 1½ percent 5-year Treasury notes, dated Apr. 1 and Oct. 1 next preceding the date of exchange.

⁷Amounts issued and retired for Series E, F, and J include accrued discount; amounts outstanding are stated at current redemption values. Amounts issued, retired, and outstanding for Series G, H, and K are stated at par value.

⁸Approximate yield if held from issue date to end of 10-year extension period.

⁹Owners have the option of retaining the matured bonds for a further 10-year period and earning interest upon maturity values thereof. During this additional 10-year period interest on bonds bearing issue dates of May 1, 1941, through April 1, 1942, will accrue at the rate of 2½ percent simple interest each year for the first 7½ years, and then increase for the remaining 2½ years to bring the aggregate interest return to approximately 2.9 percent, compounded semiannually. On bonds bearing issue date of May 1, 1942, through April 1, 1957, interest will accrue after maturity at the rate of approximately 3 percent per annum, compounded semiannually, for each half-year period of the extension period. Treasury Department Circular 906, April 29, 1952, provided that matured Series E bonds might be exchanged for Series K bonds under certain conditions. However, the sale of Series K bonds has been terminated effective at the close of business April 30, 1957.

¹⁰If held from issue date to end of 10-year extension period, bonds of this series dated January 1, 1942, through April 1, 1942, yield approximately 2.9 percent and those dated May 1, 1942, through December 1, 1942, yield approximately 2.95 percent.

¹¹Matured bonds of this series yield approximately 2.95 percent if held from issue date to end of 10-year extension period, and unmatured bonds of this series yield approximately 2.9 percent if held to maturity.

¹²Approximate yield if held to maturity.

¹³Bonds with issue dates February through April, 1957, at the option of the owner, may be held and will accrue interest for additional 10 years.

¹⁴Excess of redemptions, not yet classified by yearly series, deduct.

¹⁵The face value of United States savings bonds of Series F or G of any yearly series maturing from month to month which are not currently presented for retirement will continue to be reflected as interest-bearing debt until all the bonds of the series have matured. Thereafter, the total amount outstanding is reflected as matured debt on which interest has ceased.

¹⁷Issued under the authority of and subject to the provisions of the Second Liberty Bond Act, as amended, and sections 780 to 783, inclusive, of the Internal Revenue Code, as amended. Issued in series depending upon the tax years for which credits are available and in amounts certified to the Secretary of the Treasury by the Commissioner of Internal Revenue. Bear no interest and mature at yearly intervals after the cessation of hostilities,

as provided by Section 780(e) of the Internal Revenue Code, as amended, and are redeemable at the option of the owner on or after January 1, 1946.

¹Any income derived from Treasury bills of this issue, whether interest or gain from their sale or other disposition does not have any exemption, as such, and loss from the sale or other disposition of any such bills does not have any special treatment, as such, under the Internal Revenue Code or laws amendatory or supplementary thereto. The bills are subject to estate, inheritance, gift, or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority. For purposes of taxation the amount of discount at which the bills are originally sold by the United States is to be considered to be interest.

The securities are subject to estate, inheritance, gift, or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority. The following is applicable to savings bonds only: For the purposes of taxation any increment in value of savings bonds represented by the difference between the price paid and the redemption value received (whether at or before maturity) shall be considered as interest.

Attention is invited to Treasury Decision 4550 ruling that bonds, notes, bills, and certificates of indebtedness of the Federal Government or its agencies, and the interest thereon, are not exempt from the gift tax.

³Exempt both as to principal and interest, from all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority, except (a) estate or inheritance taxes, and (b) graduated additional income taxes, commonly known as surtaxes, and excess profits and war-profits taxes, now or hereafter imposed by the United States, upon the income or profits of individuals, partnerships, associations, or corporations. The interest on an amount of bonds authorized by the act approved Sept. 24, 1917, as amended, the principal of which does not exceed in the aggregate \$5,000 owned by any individual, partnership, association, or corporation, shall be exempt from the taxes provided for in clause (b) above.

⁴Exempt from the payment of all taxes or duties of the United States as well as from all taxation in any form by or under State, municipal, or local authority. (The Supreme Court has held that this exemption does not extend to estate or inheritance taxes, imposed by Federal or State authority.)

⁵These issues being investments of various Government funds and payable only for the account of such funds have no present tax liability.

⁶In hands of foreign holders--Applicable only to securities issued prior to Mar. 1, 1941: Bonds, notes, and certificates of indebtedness of the United States, shall, while beneficially owned by a nonresident alien individual, or a foreign corporation, partnership, or association, not engaged in business in the United States, be exempt both as to principal and interest from any and all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority.
