<sup>1</sup> Beginning with the statement for December 31, 1958, the computed average interest rate on the public debt is based upon the rate of effective yield for issues sold at premiums or discounts. Prior to December 31, 1958, the computed average rate was based upon the coupon rates of the securities. This rate did not materially differ from the rate computed on the basis of effective yield. The Treasury, however, announced on November 18, 1958, that there may be more frequent issues of securities sold with premiums or discounts whenever appropriate. This "effective-yield" method of computing the average interest rate on the public debt will more accurately reflect the interest cost to the Treasury, and is felt to

be in accord with the intent of Congress where legislation has required the use of such rate for various purposes.

<sup>2</sup> Computed on true discount basis.

<sup>3</sup> Statutory debt limit, established at \$285 billion by the Act approved June 30, 1959, has been temporarily increased as follows: From July 1, 1960 to June 30, 1961 to \$293 billion; from July 1, 1961 to March 13, 1962 to \$298 billion; for the remainder of the fiscal year 1962 the limit is \$300 billion.

<sup>4</sup> Dollar equivalent of certificates issued and payable in the amount of 46,500,000,000 Italian lire.

<sup>1</sup> Redeemable at the option of the United States on and after dates indicated, except where otherwise stated. In case of Treasury bonds and Treasury bonds, Investment Series B-1975-80, now outstanding, such bonds may be redeemed only on interest dates, and 4 months' notice of redemption must be given.

<sup>2</sup> Treasury bills are non-interest-bearing and are sold on a discount basis with competitive bids for each issue. The average sale price of these series gives an approximate yield on a bank discount basis (360 days a year) as above indicated. This yield differs slightly from the yield on a true discount basis (365 days a year) which is shown in the summary on page 5.

<sup>3</sup> Arranged according to earliest call dates.

<sup>4</sup> Redeemable, at par and accrued interest, to date of payment, at any time upon the death of the owner at the option of the duly constituted representative of the deceased owner's estate, provided entire proceeds of redemption are applied to payment of Federal estate taxes due from deceased owner's estate.

<sup>5</sup> The items not subject to the statutory debt limitation are keyed to this footnote and consist of (a) certain matured debt and (b) certain debt bearing no interest.

(See Treasury Circulars Nos. 653 and 905 revised Sept. 23, 1959 and first amendment to Treasury Circular No. 653, Revised, dated March 21, 1961, for details of yields by issue dates.)

<sup>9</sup> At option of owner, bonds dated May 1, 1941 through May 1, 1949 may be held and will accrue interest for additional 20 years; bonds dated on and after June 1, 1949 may be held and will accrue interest for additional 10 years.

<sup>10</sup> The face value of United States savings bonds of Series F or G of any yearly series maturing from month to month which are not currently presented for retirement will continue to be reflected as interest-bearing debt until all the bonds of the series have matured. Thereafter, the total amount outstanding is reflected as matured debt on which interest has ceased.

<sup>11</sup> At option of owner, bonds dated June 1, 1952 through January 1, 1957 may be held and will earn interest for additional 10 years.

<sup>c</sup>Any income derived from Treasury bills, whether interest or gain from their sale or other disposition, does not have any exemption as such, and loss from the sale or other disposition of any such bills does not have any special treatment as such under the Internal Revenue Code or laws amendatory or supplementary thereto. The bills are subject to estate, inheritance, gift, or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority. For purposes of taxation the amount of discount at which the bills are originally sold by the United States is to be considered to be interest.

<sup>d</sup>Income derived from these securities is subject to all taxes now or hereafter imposed under the Internal Revenue Code or laws amendatory or supplementary thereto. The securities are subject to estate, inheritance, gift, or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority. The following is applicable to savings bonds only: For the purposes of taxation any increment in value of savings bonds represented by the difference between the price paid and the redemption value received (whether at or before maturity) shall be considered as interest.

Attention is invited to Treasury Decision 4550 ruling that bonds, notes, bills, and certificates of indebtedness of the Federal Government or its agencies, and the interest thereon, are not exempt from the gift tax.

NOTE: Treasury bonds, generally, are subject to the provisions of this footnote with the exception of the 2½% Treasury bonds of 1960-65 which are subject to the provisions of footnote e below.

<sup>e</sup>Exempt both as to principal and interest, from all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority, except (a) estate or inheritance taxes, and (b) graduated additional income taxes, commonly known as surtaxes, and excess profits and war-profits taxes, now or hereafter imposed by the United States, upon the income or profits of individuals, partnerships, associations, or corporations. The interest on an amount of bonds authorized by the act approved Sept. 24, 1917, as amended, the principal of which does not exceed in the aggregate \$5,000 owned by any individual, partnership, association, or corporation, shall be exempt from the taxes provided for in clause (b) above.

<sup>f</sup>These issues being investments of various Government funds and payable only for the account of such funds have no present tax liability.

*In hands of foreign holders--Applicable only to securities issued prior to Mar. 1, 1941:* Bonds, notes, and certificates of indebtedness of the United States, shall, while beneficially owned by a nonresident alien individual, or a foreign corporation, partnership, or association, not engaged in business in the United States, be exempt both as to principal and interest from any and all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority.
